The U-boat base at Zebrugge was called a mole. It is further said that the English trapped it, and learning this one of our new gardeners whose vegetables had been rooted up, is wanting to buy one of the traps.

3 Stallions and 5 Jacks

License Applied For

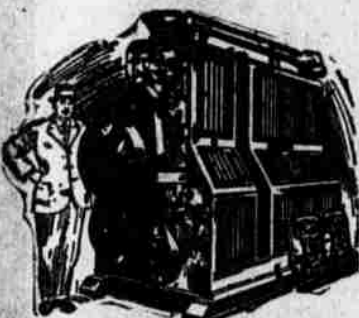

One Imported Percheron Stallion
One All Purpose Stallion
One Saddle Stallion
And 5 big Jacks.

These Jacks are the big kind. The kind it takes to get the big mule. Come and look them over. Am sure they will please you. The season on Percheron Stallion and 3 best Jacks is

\$12.50 for horse colt
\$15.00 for mare colt
and the others \$10 for horse colt and \$12.50 for mare colt.

The above stock will make the present season at my stables, 4 miles northwest of Forest Green and 4 miles southwest of Shannondale. All of the above stock will serve mares to insure colt to teat. Remember my insurance runs out when the colt stands up and sucks and proves to be healthy. Should you trade or sell the mare, or take her out of the community after breeding her, the money is due and I must have it. Don't expect me to keep track of the mare; I will do well to keep track of you. You make the debt and should see that it is paid. I can't be held responsible for unavoidable accidents should any occur. Come see my stock; am sure they will please you. No business on Sunday. Pedigrees of above stock will be found at the barn.

During the period of the War, you will not sell an American Midget Mill unless the purpose is to supply the local needs of a community, or our Government, with flour and feed.

DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Roller Flour Mills.

And Make Money, Too

\$115 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour Cheaper." You can sack your flour under our nationally advertised brand "FLAVOR."

Our Service Department inspects your products each month free and keeps you up to quality. Sacks of flour from 15 to 100 barrels per day. You can start with the small size if you have \$2,000 to invest. Sold on 30 days' free trial. Write for our catalog and experience of successful owners all over the United States.
